

POD INOX

Code: PI.1000.24
Name: Kit POD INOX 1000W 24V
Kit POD INOX 1000W 24V

4.990,00 €

Code: PI.2000.24
Name: Kit POD INOX 2000W 24V
Kit POD INOX 2000W 24V

5.990,00 €

Code: PI.4000.48
Name: Kit POD INOX 4000W 48V
Kit POD INOX 2000W 24V

6.490,00 €

POD

Code: POD.N.4.2
Name: Pod 2.000 Watt -24V
PMAC electric motor pod with embedded electronic power board .
Power 2.000W . Voltage 24V . Complete with propeller. ON/OFF key,
dead man switch, battery main switch, 5 meters power and
communication cables. Basic side lever accelerator.

3.590,00 €

Code: POD.N.8.4
Name: Pod 4.300 Watt -48V
PMAC electric motor pod with embedded electronic power board .
Power 4.300W . Voltage 48V .Complete with propeller. ON/OFF key,
dead man switch, battery main switch, 5 meters power and
communication cables. Basic side lever accelerator.

3.790,00 €

Code: POD.N.12.6

4.290,00 €

Name: Pod 6.000 Watt -48V

PMAC electric motor pod with embedded electronic power board .
Power 6.000W . Voltage 48V . Complete with propeller. ON/OFF key,
dead man switch, battery main switch, 5 meters power and
communication cables. Basic side lever accelerator.

Code: POD.N.16.8

4.490,00 €

Name: Pod 8.000 Watt -48V

PMAC electric motor pod with embedded electronic power board .
Power 8.000W . Voltage 48V . Complete with propeller. ON/OFF key,
dead man switch, battery main switch, 5 meters power and
communication cables. Basic side lever accelerator.

Code: POD.N.20.10

4.890,00 €

Name: Pod 10.000 Watt -48V

PMAC electric motor pod with embedded electronic power board .
Power 10.000W . Voltage 48V . Complete with propeller. ON/OFF
key, dead man switch, battery main switch, 5 meters power and
communication cables. Basic side lever accelerator.

STAND ALONE

Code: SA.E12.6

6.590,00 €

Name: EASY electric outboard - 6.000 Watt - 48V - Battery monitor

PMAC electric outboard with embedded electronic power board .
Complete with propeller, bracket and control board. Power 6.000W .
Voltage 48V. Battery monitor control panel. Complete with propeller
and side mount single lever throttle with neutral safety position.

Code: SA.E.16.8

7.290,00 €

Name: EASY electric outboard - 8000 Watt - 48V - Battery monitor

PMAC electric outboard with embedded electronic power board .
Complete with propeller, bracket and control board. Power 8000W .
Voltage 48V. Battery monitor control panel. Complete with propeller
and side mount single lever throttle with neutral safety position.

Code: SA.E.20.10

7.590,00 €

Name: EASY Electric outboard - 10.000 Watt - 48V - Battery monitor

PMAC electric outboard with embedded electronic power board .
Complete with propeller, bracket and control board. Power 10.000W
. Voltage 48V. Battery monitor control panel. Complete with propeller
and side mount single lever throttle with neutral safety position.

REMOTE CONSOLE

Code: RC.N.12.6

5.490,00 €

Name: Remote console Naked electric outboard - 6.000 W - 48V
PMAC electric outboard with embeeded electronic power board .
Complete with propeller, bracket and control board. Power 6.000W .
Voltage 48V. ON/OFF key, dead man switch, battery main switch, 5
meters power and communication cables. Basic side lever
accelerator.

Code: RC.N.16.8

5.990,00 €

Name: Remote console Easy electric outboard - 8.000 Watt - 48V
PMAC electric outboard with embeeded electronic power board .
Complete with propeller, bracket and control board. Power 8.000W .
Voltage 48V. ON/OFF key, dead man switch, battery main switch, 5
meters power and communication cables. Basic side lever
accelerator.

Code: RC.N.20.10

6.490,00 €

Name: Remote console Naked electric outboard - 10.000 Watt - 48V
PMAC electric outboard with embeeded electronic power board .
Complete with propeller, bracket and control board. Power 6.000W .
Voltage 48V. ON/OFF key, dead man switch, battery main switch, 5
meters power and communication cables. Basic side lever
accelerator.

DISPLAY

Code: DI.BM.BT

299,00 €

Name: Battery monitor upgrade

Display battery monitor with shunt and bluetooth embeeded .

Code: DI.RM.CP

1.990,00 €

Name: Multifunction navigation system and motor from Raymarine.

Multifunction navigation system and motor/battery info from
Raymarine. GPS Chartplotter.

Code: DI.SM.OPT

2.490,00 €

Name: Display smart with plug and play options prewired

Display smart with plug and play options prewired: bilge pump, lights,
horn, tilt/trm. Remote connection ready.

THROTTLE & TILLER

Code: OPT.ACC.00
Name: Throttle lever
Throttle accelerator lever

690,00 €

Code: OPT.ACC.03
Name: Throttle lever
Throttle lever side mount

880,00 €

Code: OPT.ACC.01
Name: Side Throttle lever
Throttle with side controls

890,00 €

Code: OPT.ACC.04
Name: Double motor side throttle lever
Double motor side throttle lever

1.190,00 €

Code: OPT.TI.00
Name: Tiller
Tiller with throttle handle with safety mechanical neutral position

1.490,00 €

OPTIONS

Code: OPT.12V.00
Name: 12V Output
12V electric output

29,00 €

Code: OPT.USB.00
Name: USB plug
USB plug

39,00 €

Code: OPT.AS.00
Name: Shaft profile
Pod alluminium shaft profile

45,00 €

Code: OPT.CS.00
Name: Buzzer
Plug and play boat buzzer

89,00 €

Code: OPT.BP.00
Name: Bilge pump
Plug and play bilge pump

99,00 €

Code: OPT.LT.00
Name: Navigation light
Navigation light , led technology, white, red and green

169,00 €

Code: OPT.SP.00
Name: Bluetooth audio speaker
Plug and play audio speaker with embedded bluetooth.

199,00 €

Code: OPT.SOL.01
Name: Polycrystalline solar panel
Flexible and foldable solar panel with polycrystalline cell - 80 Wp

330,00 €

Code: OPT.SOL.00
Name: Monocrystalline solar panel
Flexible and foldable solar panel with monocrystalline cell - 95 Wp

430,00 €

Code: OPT.ETT.01
Name: Electric tilt/trim
Electric tilt and trim with position feedback

435,00 €

BATTERY

Code: B2.5.24
Name: 2,5 kWh battery 24V
Lithium battery NMC -2,5 kWh - 24V Capacity 2,5 kWh Battery
Voltage 24V 96Ah - IP67 - CanBus - 520 * 220 *160 mm - 21kg

2.990,00 €

Code: B5.48

4.990,00 €

Name: 5 kWh battery 48V

Lithium battery NMC -5 kWh - 48V Capacity 5 kWh Battery Voltage 48V 96Ah - IP67 - CanBus - 520 * 220 *200 mm - 33 kg

Code: B10.48

8.950,00 €

Name: 10 kWh battery 48V

Lithium battery NMC -10 kWh - 48V Capacity 10kWh Battery Voltage 48V 192Ah - IP67 - CanBus - 520 * 220 *320 mm - 57 kg

Code: B15.48

11.990,00 €

Name: 15 kWh battery 48V

Lithium battery NMC -15 kWh - 48V Capacity 15 kWh Battery Voltage 48V 288Ah - IP67 - CanBus - 520 * 220 *440 mm - 81 kg

Code: B15.48.150.24.4

16.490,00 €

Name: 15 kWh battery kit with dedicated slave BMS, Master BMS, Charger and NMEA2000 display

Lithium battery NMC 15 kWh - 48V Capacity 15 kWh 4 * 150Ah 24V Battery Voltage 48V BMS slave for each battery BMS Master for battery group Charger 50A NMEA2000 display Weight 110 kg.

Code: B20.48.200.24.4

18.990,00 €

Name: 20 kWh battery kit with dedicated slave BMS, Master BMS, Charger and NMEA2000 display

Lithium battery NMC 20 kWh - 48V Capacity 20 kWh 4 * 150Ah 24V Battery Voltage 48V BMS slave for each battery BMS Master for battery group Charger 50A NMEA2000 display Weight 130 kg.

Code: B30.48

26.750,00 €

Name: 30 kWh battery kit with dedicated slave BMS, Master BMS, Charger and NMEA2000 display

Lithium battery NMC 30 kWh - 48V Capacity 30 kWh Battery Voltage 48V BMS slave for each battery BMS Master for battery group Charger 50A NMEA2000 display Weight 160 kg.

Code: B40.48

35.970,00 €

Name: 40 kWh battery kit with dedicated slave BMS, Master BMS, 2 * Charger and NMEA2000 display

Lithium battery NMC 40 kWh - 48V Capacity 40 kWh Battery Voltage 48V BMS slave for each battery BMS Master for battery group, 2 * Charger 50A , NMEA2000 display Weight 260 kg.

Code: B50.48

42.995,00 €

Name: 50 kWh battery kit with dedicated slave BMS, Master BMS, Charger and NMEA2000 display

Lithium battery NMC 50 kWh - 48V Capacity 50 kWh Battery Voltage 48V BMS slave for each battery BMS Master for battery group, 2 * Charger 50A ,NMEA2000 display Weight 315 kg.

Code: B.60.48

49.990,00 €

Name: 60 kWh battery kit with dedicated slave BMS, Master BMS, 2 * Charger and NMEA2000 display

Lithium battery NMC 60 kWh - 48V Capacity 60 kWh Battery Voltage 48V BMS slave for each battery BMS Master for battery group, 2 * Charger 50A NMEA2000 display Weight 375 kg.

CHARGER

Code: BC.24.15

395,00 €

Name: Charger 24V 15A IP67
Charger 24V 15A IP67

Code: BC.24.30

690,00 €

Name: Charger 24V 30A IP67
Charger 24V 30A IP67

Code: BC.48.50

1.490,00 €

Name: Charger 48V 50A IP67
Charger 48V 50A IP67
